Please keep in mind that race day moves VERY fast and smoothly, so you will not have time to leave for a sit-down meal at Fishcamp or Shelling during the event. Also, and most importantly Absolutely NO Drinking Alcohol during race day activities. Safety comes first for all paddlers, volunteers, and spectators.

Save the celebration for the after party that Shellring will be hosting with live music!

Waivers; We are working on it. Once we have a waiver available we will send them for you to fill out. You can then return it back to us at an email address we will provide to you later.

Team Bio; Captains, don't forget to add your team bio. This scripted info will be read throughout the day by our announcer, Jeff "T-Bone" Taylor from 104.9 The Surf. Tell us something about yourself.

Tents; I have confirmed that YOU can bring two 10x10 tents for your team. We are not providing tents this year.

Practice Session; I will be setting up practice sessions the week of race day. If you are interested in practicing on Friday let me know.

I will be sending out another update once I get a firm schedule for the day's event. If you have any questions let me know.

Paddles Up!
